This well cared for 1976 Ranch boasting nearly 2200 square feet of living space has been freshly refurbished and ready for a new owner to love.

New paint & flooring throughout, updated roof, vinyl siding & windows, and a 13 month Home Warranty to cover all of the mechanical items and appliances within the house make this home an easy choice! 3 Bedrooms plus a main floor laundry room that would be ideal to also use for a home office or convert back to a 4th bedroom....You decide!

The 2 car garage is generously oversized at 24x24 and is insulated & includes a 150,000 BTU gas heater, as well. Condition/functionality of the heater is unknown and not guaranteed! Garage also features a workbench and built in overhead storage.
